American Red Cross

This is a message for every person in Hancock County. For every person in Hancock County, we know, is an interested member of the American Red Cross. Our message to you is to keep your interest in your Red Cross. The Red Cross is doing the biggest job ever ventured by one single organization in the history of the world. The war in Europe is over, so far as the fighting man is concerned. The work of the Red Cross in Europe gains momentum every day. The program there is stupendous. That fact must be remembered by each one of us here at home. The war in the Far East is again fiercely. The Red Cross worker out there is in the death struggle.

Here in this country your Red Cross is working around the clock in behalf of the soldier returning to civilian life. There is no letup for any branch of the Red Cross. Their work is vital as never before. So our appeal is to everyone of you to bear in mind this great task, and when you are called upon by your Red Cross, to make your response and your efforts as self-sacrificing as they were when our Nation was first plunged into the terrific struggle to make this world a free one for all men.

Production Workers
For quite a long time now, most of the Production Workers have had a chance to catch their breath, due to the fact that all refugee work had come to a halt, and all work for the Armed Forces was ahead of schedule. But now we have an appeal to make to you ladies who did such excellent work in the Production Unit.

The Navy is badly in need of Kit Aprons. These Aprons are similar to the Kit Bags furnished the Army. We have on hand a quantity of this work, which must be completed and shipped in thirty days.

In the past whenever we called upon the ladies of our County, the response was most gratifying. We are looking for the same wholehearted cooperation, so please ladies won't you respond? You may do this work at home. If you will contact Mrs. Leo Seal, telephone 164, she will be with the material and complete instructions for the making of these very necessary articles, of comfort for our Sailor Lads.

The regular quarterly meeting of the Executive Board of the Hancock County Chapter, American Red Cross, was held on Tuesday, May 29th.

The meeting was called to order by the Chairman, Mr. Walter Gex. A financial report was given by the Treasurer and the Executive Secretary gave a report on the work of the office. Various reports by other Chairmen were given.

A motion was made that a resolution be drawn up by the County Chairman, and presented to Mrs. Roger Boh, for outstanding work in the County during the past two War Fund Drives.

The next meeting of the Board will be held in September.

The following letter was in appreciation of Junior Red Cross work. "We want to acknowledge and thank you for the twenty beautifully made Mother's Day Cards. Your Junior Red Cross will be glad to know that these were immediately forwarded to the bed patients at Fort McPherson, near Atlanta, Ga. They may be assured that their thoughtfulness will enable the soldier boys to mail these cards to their own mothers in time for the May 13th date.

The cards show creative ability and that care was given to their production. Please give our commendation for this good work."

Sincerely,
FRANK C. JENKINS,
Director Junior Red Cross.

N. C. C. W. To Meet June 13th

On Wednesday, June 13th, the Bay St. Louis District of the National Council of Catholic Women will meet in Bay St. Louis. This meeting will be held at St. Joseph Academy at 3:30 p. m. All members are asked to attend.

Prisoner of War Expected Home Soon

Mr. and Mrs. B. Spornio of Memphis, Tenn., formerly of Bay St. Louis, have had news from their son, Gerald, who has been a Prisoner of War in Germany, that he has been released and expects to return to his home.

This is a short resume of Gerald's entrance into service: Entered the service in September, 1943, shortly after his graduation from high school. Received his basic training at Camp Blanding, Florida and sailed for overseas duty in February, 1944 after spending a six day furlough with us. He arrived in Italy in March and soon after was sent to the Anzio Beachhead as a replacement in a Medical Detachment. It was there that he performed such heroic achievement as to be awarded the Bronze Star which carried the citation "For heroic achievement in action as a medical aid man, for caring for the wounded under intense enemy fire for three days and nights, May 23-26, 1944."

He was among the first troops to enter Rome on June 15 and was then sent to a rest camp preparatory to the invasion of Southern France. He went into France on August 15 with the first invasion troops and was there until September 12, 1944, when he was taken prisoner by the Germans.

Gerald's family were fortunate in getting first hand details from a boy who was in Gerald's squad who saw him captured. This is the boy's story: "When Gerald's parents saw him at Kennedy General Hospital at Memphis, where he had been sent after being wounded. It was about eight o'clock on the morning of September 12."

"The squad was sent out into a forest near Belfort Gap to hunt Germans. The Germans came up behind us and fired on me, hitting me in the leg with twenty rounds of ammunition. Gerald was caring for my wounds and the Germans had rounded up the others to take them prisoners. They stood over him until he had finished binding my wounds and then marched them away with the others leaving me lying on the ground." He was later taken to a battalion aid station and was later returned to the States.

Mrs. Spornio, Gerald's mother, the former Miss Lillian Green of this city was presented with the Bronze Star medal at the hospital on behalf of her son Pfc. Gerald Spornio. His father, Eugene Spornio and L. N. C. Spornio and Mrs. G. Y. Blaize of this city.

The next subject to be discussed was the selection of a name for the Center and a contest was decided upon. It is for the teen age (13 through 19 years) only as the winner will receive a year's membership, as a prize. So each contestant's name must be on the slip of paper bearing the proposed name for the Center. You will find posters and boxes in the various stores, kindly place your suggestion in one of these boxes. The contest will close Sunday, June 10th.

Election of new officers took place, with the following elected: Bobbie Fayard, Chairman; Gloria Sauter, Secretary; Toby Scaife, vice-chairman; Randolph Bourgeois, Jr., treasurer and Julie Elliott, chairman of publicity. KNIGHTS OF COLUMBUS ELECT OFFICERS

Robert L. Camors Elected Grand Knight

An important meeting of Pere Le-Duc Council Knights of Columbus was held Monday night, June 4th, the highlight of which was the election of officers to serve during the new fiscal year beginning July 1, 1945.

The newly elected officers are: Robert L. Camors, Grand Knight; Maurice J. Artigues, Deputy Grand Knight; Wilmar Thibeaux, Chancellor; Charles J. Benigno, Recorder; Alvin Genin, Treasurer; Sam Favre, Jr., Advocate; Jos. Blanchard, Warden; Anthony Benvenuti, Inger Guard; Charles Poolson, Outer Guard; Fred L. Herlihy, Trustee.

The offices of Chaplain, Lecturer, and Financial Secretary are appointive and will be announced by the newly elected Grand Knight at a later date. A big job lies ahead for the new officers during the coming year. Inasmuch as the building debt has been practically eliminated it is anticipated that a much greater part in all civic affairs for the good of the community as a whole will be taken by the Knights of Columbus. Plans for the coming year are now under way, the tentative date for same being set for October of this year. Another important event to take place during the year will be the 42nd State Convention Knights of Columbus, which will be held in Bay St. Louis next May.

Urgent appeals in a very forceful manner were made by Mr. Joseph O. Mauffray, Maurice Artigues, and Rev. Father Vincent of Birmingham, for each and every member to do all he can during the present War Bond Drive to help Hancock County make its quota and to double any efforts made during past bond drives. Following the regular meeting a shrimp broil was enjoyed by all.

Installation of officers will be held at the first regular meeting in July.

Returns Home

Lucas F. Puchey, Jr., son of Mr. and Mrs. Lucas F. Puchey of this city arrived from overseas after 16 months in a German Prison Camp. He entered the service on April 29, 1943 and was with the Rangers when taken prisoner at Anzio Beach and was a prisoner of the Germans in Poland for sixteen months. He was liberated on May 3, 1945 and will reach here this week.

The community is rejoicing with his parents upon his return but his mother's unshaken faith all through the period of his imprisonment was beautiful and doubtless had much to do with his return to his home.

EM I. A. P. Smith, Jr., son of Dr. and Mrs. A. P. Smith of this city is at present in New London, Conn. as instructor on a school submarine after three years of overseas duty. His skill and efficient handling of electrical installations under his supervision maintained that equipment in a constant state of readiness, thereby contributing materially to the vessel's success in sinking more than 25,000 tons of enemy shipping and damaging in excess of 9,000 tons. CANTEEN COMMENTS

I am from Boston and have heard a lot about Southern hospitality out here. I had to come to the canteen to really know Southern hospitality as it is in South Mississippi.

This is the nearest thing to home that I have found since I entered the service. This is swell.

Last Saturday night's \$64 question: "Has anybody seen Charles?"

A letter found in the canteen: "Dear Ladies: We appreciate your hospitality and have deep respect for your trust in us. If there is any way that we can show our gratitude we will be more than glad to. No matter how trivial your act of generosity may have seemed to you it has left in our hearts a feeling of home. And wherever we go we will uphold the name womanhood of Mississippi." Signed: The Bell Bottomed Brigade. Note: This is what a small group of the boys who come to the canteen call themselves.

An innovation has been instituted to give the boys an outdoor dinner on private grounds where they may swim, dance and eat a picnic lunch. On Sunday, June 10 it will be held at the home of Mrs. C. C. Mayfield on Waveland Beach.

"UNCONDITIONAL SURRENDER" PLAIN

A GROUP of labor leaders, churchmen and educators have urged President Truman to make a "positive" and "specific" statement on the plans this country believes appropriate to lasting peace in Asia, saying that without such a statement, the Japanese people will be "justified in the fear that some of the threats so vociferously made in America against their future national life and economy will be carried out."

This represents an interesting phenomenon of American life. Various groups of individuals, professing themselves extremely liberal, apparently seek to create the impression that the war with Japan continues because this country has failed to make a definite statement of war aims. They overlook the fact that the war began and continues because the Japanese attempted to dominate the Far East and decided to strike the United States in the process.

There is nothing much to be gained by the American government attempting to outline a solution for the ills of Asia. When the Japanese are defeated, the nations that encompass her defeat will have to confer about the future and compromise their conflicting viewpoints in the interest of continued harmony which is more important than the reassurance of the Japanese.

The group of interested citizens seem to fear that Japanese militarists will make propaganda as long as the Japanese have a stomach for war. As was abundantly illustrated in Germany, the propagandists do not need any excuse for their yarns. They put them out and their people believe them regardless of their truth or falsity and there is nothing we can do about it.

The Japanese people include some intelligent individuals. These men and women know the history of the United States, its long record for liberalism in world affairs and its championship of democracy. They know, if they know anything, that when the United States wins the war, the peoples of Asia and the Pacific islands will have an opportunity to develop under more favorable conditions than ever before. They will be relieved of the curse of Japanese militarism and the United States will not attempt to dictate to them.

CONTROLS NECESSARY

WITH the end of the war in Europe comes a demand in some sections of the nation for the repeal of price control and other restrictions upon the economic activities of individuals.

Everybody should be reminded that the dangerous period for inflation is likely to occur when hostilities cease. Billions of dollars have been saved by people working at home, while our fighting men took their chances abroad, and the immediate release of all restrictions would undoubtedly facilitate a wild buying spree.

It is too early, as yet, to predict how long it will be advisable to maintain Government regulations as to prices, wages, buying and selling. It would be much better to keep them in effect longer than necessary than to remove them before the danger of inflation is somewhat controlled.

PREPARING OVERWHELMING POWER

THE full weight of American military power will be brought to bear upon Japan, according to Acting Secretary of War Robert C. Patterson, who says that "men, planes, weapons and equipment will be massed to such degree of superiority that, in the end, victory will come more quickly and with less cost."

Thus, it is plain that the United States will follow the formula of "overwhelming superiority" which was the cardinal principle behind our amazing victory over Germany in Western Europe. In time, the people of this country will appreciate the restraint and caution of our military leaders who, despite provocations at home and abroad, stuck to their intelligent conclusion that the cheapest way to victory was to be found in amassing stupendous and overwhelming strength for the final blow.

The same strategy, applied to Japan, means that for some months, at least, our war effort will be directed mainly to the blockade and bombing of Japan. While this campaign is underway, men, weapons, equipment and supplies will be poured into Pacific bases to build up power for a decisive attack. This, however, will not be made unless necessary and, if made, will throw against the Japanese the same might that cut the German Wehrmacht into pieces.

ADMIRAL LAND FED UP

VICE-Admiral Emory S. Land, Chairman of the U. S. Maritime Commission, says he is "fed up with the eternal alibi" that a shortage of ships is responsible for the difficulties that confront us in the prosecution of the war.

"It is not a shortage of ships," he declares, so much as it is temporary shortages of cargo at pier-heads, delayed turn-arounds, shortage of ports, shortage of inland transportation, too extensive use of ships as floating storehouses, congestion of ports, shipping priorities and a number of kindred ailments.

The observation is timely because many people have gotten the definite impression that most of our shortages, including those affecting civilian economy, are due to lack of ships in which to transport goods from other nations.

Obviously, the Admiral does not charge that the delays complained of can be altogether avoided. Many of them stem from conditions which are unavoidable in various war theatres. Nevertheless, we suspect that some improvement in the handling, disposition and use of ships is possible and would develop generally if the public had a clearer understanding of the situation.

HOSPITALS

A report from Washington quotes Brig. Gen. Frank L. Hines as saying there is an imperative need for more hospitals for veterans, and under a plan worked out for extending such service 72 veterans' facilities will be constructed, providing approximately 26,772 beds. Hospitals now in use will be repaired and some of them enlarged. Mississippi will share in the distribution of new hospitals and it is contemplated that at least one with more than 300 beds will be located in the state.

TAX COLLECTIONS

Collections by the Tax Commission for the first five months of 1945 shows \$13,847,574.16 as compared with \$13,980,801.36 in 1944. Income tax collections from 32,614 returns show receipts of \$4,247,202.48 in 1945 as compared to \$5,507,200.06 in 1944, with 35,111 returns. The crude oil severance tax for 1945 shows collections of \$484,135.53, and for the 14 months it has been in effect total receipts are \$1,244, 305. The cash balance in the general fund on May 30 was shown by the record of the treasurer's office to be \$17,240,205.27 with all matured bills paid.

BONDS REFINANCED

The State Bond Commission has refinanced another batch of highway revenue bonds aggregating \$1,812,000. The purpose of the refinancing was to get a lower rate of interest for the state. The new bonds will run the same length of time the old bonds would have run, but the new rate of interest will save the state \$258,626.25 in the life of the bonds. The maturity date of the bonds will be 1961, 1962, 1963.

TEXTBOOKS

The State Textbook Rating and Purchasing Board has adopted new textbooks covering six subjects. Among the new books adopted is the state history recently completed by Dr. Richard Aubrey McLemore and his wife. The title of the new book is "Mississippi Through Four Centuries." Dr. McLemore is history professor at Mississippi Southern College at Hattiesburg and his wife teaches in the Hattiesburg High School.

LOUISIANA GOVERNOR

Gov. Jimmy Davis of Louisiana spent Wednesday of last week in Jackson, just making a "good will tour" and seeing "Cousin" Tom Bailey. Gov. Davis delivered an address to the Kiwanis on the occasion of the Weekly Luncheon at noon. He was accompanied by his "Hill Billy" band which delighted the guests with musical selections. Gov. Davis delivered an interesting address, devoted in the main to the State of Louisiana and her fine resources.

SENATOR WOLFE

Senator Wolfe is holding down the Executive Office in the Capitol this week. Gov. Bailey is making a tour of agricultural markets in Alabama and Georgia and Lt. Governor Wright is on a visit to his station in New York with the Army Air Corps. Oscar Wolfe is a Senator from Bolivar County and is President Protem of the Senate and in the absence of the Governor and the Lieut-Gov. he is Governor. He wears the honor with becoming dignity and performs well the duties of the high office.

POLL TAX AGAIN

State officials at the Capitol have taken notice that the much discussed and agitated poll-tax is up for another hearing in Congress. For the past several years repeated efforts have been made in Congress to repeal the law requiring the payment of an annual poll-tax as prerequisite for voting. Only seven states in the Union now have such a law. A bill pending in the House will be brought to the floor for final vote on June 11. That the bill will pass in the House is a foregone conclusion. But it will meet stiff opposition in the Senate where Senators Connally, Bilbo, Eastland, Bankhead and others representing the South, will oppose the passage of the bill with speeches and parliamentary tactics including a prolonged filibuster, if necessary.

LEGISLATIVE

It will be less than seven months until the legislature convenes again. Even at this early date much is being said about proposed legislation. Right now there is considerable agitation, pro and con, about the idea of establishing a medical college and a big hospital in connection with it. Gov. Bailey has not made any public statement on the proposed extraordinary session supposed to be held before October. Just what will be done about it is not known, publicly, at this time.

RAKING AROUND

Among the many Mississippi boys rescued from German prison camps is Dan McCullen, son of State Land Commissioner Guy McCullen, and wife. He writes that he will soon be home and his friends and relatives rejoice at the good news. Dr.

A. E. Butts, Chancellor of the University, has agreed to address the Exchange Club in Jackson on June 11th in favor of the proposed four-year medical college for Mississippi. Congressman John E. Rankin of the first Mississippi District is favoring a bill to vote a bonus of \$1,040 to each service man and woman who has been in uniform not less than 90 days. Mr. Rankin has submitted his plan to President Truman with a view of enlisting his support. The Branch Experiment Station at Poplarville has been doing some experimenting with sugarcane. Tests made prove that certain varieties developed have high yields, one at least, produced 467 gallons of syrup per acre. The Percy E. Quinn State Park has been reopened and is now ready for the summer season. On the opening day 33,000 small fish were placed in the lake, and a large photograph of the late Percy E. Quinn was presented at the park lodge. President Wayne Johnson of the Illinois Central Railroad has announced the construction of an all electric dining car different to dining cars now in use. They hope to have it in use before the end of this year. In Congress the House voted to raise the congressional salary by \$2,500 a year to be drawn as an expense account. The Senate voted the amendment down and left the salary as it was before. The reappointment of David E. Lillenthal as chairman of the TVA was confirmed by the Senate last week with only two dissenting votes.

Winners of Awards At St. Stanislaus

It has been the custom for the past years at St. Stanislaus to award certain coveted prizes at the close of the session to the boys who have won a sufficient number of credits to justify their receiving these awards.

The most coveted of the year is always the Character Cup and one is awarded to a member of each high school grade. This year there were two awards in the senior class because the two boys who won them, Harvey Killeen and Karl Fasold, tied for the honors. In the Middle Hall division Dominick White, New Orleans was the winner of the character cup and Roy Gulotta of the Junior Hall.

In the senior class the gold scholarship medal went to Laverne Albert Garcia with a four year average of 97 and 9/10 percent; the junior award went to James Fayard; Robert Johnson won the Sophomore award and Walter Cleveland the Freshman.

In the Grammar School department Morgan Slade was the winner of the Eighth grade award; William McDermott won in the seventh grade; Roy Gulotta in the sixth; Kermit Strong in the fifth and Cyril Kelly in the fourth.

To the senior boarding student whose conduct has been rated exemplary throughout the year a gold medal is awarded and was won this year by Leon Ferrier; the one for the Middle Hall boys won by Anthony Caranna; for the junior boarders the medal went to Morgan Slade.

The attendance medal for the boarders who have not been absent from the campus one day during the session was won this year by Joseph Laughlin, senior; in the Middle Hall by Carlos Sempe; in the junior hall by Robert Lennon.

In the high school a medal is offered for perfect attendance at school during the year and this was won by Ray Benvenuti. In the grammar school department the attendance medal was won by Clayton Barre.

Karl Fasold, Gulfport, won the music medal for outstanding musical achievement and in recognition of

Many a worker, who once stepped on his own starter, today counts himself lucky when nobody steps on his toes in a jam-packed 'bus or trolley. Accustomed to shorter hours, he is surprised at his strength and skill to perform the more difficult tasks of a wartime day. It is his ambition to produce and produce and produce and thus hasten the day when our valiant youth will work by his side again.

Yes, everybody has been more weary in wartime than ever before,

not forgetting that patient Mother who is first on the job before breakfast. And, who of us isn't determined to carry on to total victory? If America hadn't had the spirit to pull together, if we hadn't sharpened our wits, if we hadn't surprised ourselves with our own sinew and self-reliance, we might feel uneasy over whatever trials may lie ahead. As it is, we can be grateful for our war-found capacities which will help the young folks get started in the sort of a world they want.

Since most folks are more tired than usual when they finish each wartime day, a bottle of golden, foaming Budweiser is a welcome companion in a moment of relaxation—and it makes simple, wartime meals taste better.

THE PRESIDENT'S CABINET

Ever since the sudden death of President Roosevelt and the elevation of Mr. Truman to that high office there has been considerable speculation as to what changes, if any, would be made in the President's Cabinet. Many stories have gone out of Washington about that, but while they varied in many respects they were all pretty well agreed upon three changes that would likely come first. They were all agreed that Attorney General Biddle, Secretary of Agriculture Wickard, and Secretary of Labor Perkins would be among the first to go. These Washington correspondents are usually right when you get as many as a half dozen reliable ones to agree, and that is what happened here. Moreover, the appointment of men to the President's Cabinet are usually indicative of the trend of mind and policy of the President. So these appointments are significant.

Especially is that true in the case of the appointment of the new Attorney General which followed the resignation of Attorney General Biddle. Biddle has been one of the strongest liberals in the President's Cabinet.

net. He was very close to President Roosevelt, and usually reflected the President's thoughts. On the other hand, he was very unpopular in official Washington, and more or less so in the country generally especially among the conservatives and the "middle-of-the-roads." His successor, Tom C. Clark, is a typical "middle-of-the-roader" from Texas. He is what might be termed a real conservative, but whatever liberalism there is about him is restrained by his southern rearing and environment. He himself best summed himself up when he told a group of business men that the preservation of free enterprise during the war and the postwar periods was his aim.

The new Secretary of Agriculture, Clinton P. Anderson, is a warm personal friend of ours. He came to the House from New Mexico since our service here, and he, too, is a "middle-of-the-roader." He is well qualified for the position which he assumes by virtue of extensive farming operations in New Mexico. But, more than that, he has a splendid educational background and a level head. Incidentally, he is a former president of Rotary International, which service, together with his travels, gives him an intimate knowledge of human nature and a backing of information which will come in very handy in his new duties. Unlike former Secretary of Agriculture, Wallace, he believes that greater production rather than curtailed production is the solution to the country's agricultural problems.

On the other hand, the new Secretary of Labor, former Senator Lewis B. Schwellenbach, is a typical liberal of the new school. He was associated with Senator Black of Alabama in an investigating committee when the two served in the Senate together. And in the work of the lobby investigating committee the two saw eye-to-eye. Aside from a renewed drive to bring the two warring groups (the CIO and the AFOL), together, there will be little change to be expected in the Labor Department.

EXPENSE ALLOWANCES FOR MEMBERS OF CONGRESS

For the past year or more many articles have appeared in the public press urging an increased salary for Members of Congress, pointing out that most business men receive greater pay than Members of Congress receive and yet the members of Congress run the whole nation's business. Newspaper editorials, magazine articles, and radio commentators emphasized the expenses of Members maintaining two homes, one in Washington and one at home, the fact that they had to pay for their own official telephone calls, etc. In general, there was a movement on the part of the press to increase the pay of Members of Congress. Responding to this, the House Appropriations Committee wrote a provision into an Appropriation Bill for \$2,500.00 per year to be used by Members for their expenses while in Washington. It was emphasized in the debate that many business concerns kept representatives in Washington and were permitted to deduct their expenses from their income tax returns and there-

fore that this \$2,500 should be tax exempt. After a spirited debate on the floor of the House the provision remained in the bill by a substantial vote. Personally, we voted against the provision on the theory that, in effect, it was an increase of salary of Members of Congress and that for Members to increase their own salaries at a time when Congress was trying to prevent inflation would not be wise. We pointed out that if Congress did this it would be vulnerable to very group in the country who wanted their own salaries increased. The bill containing this provision then went to the Senate. That body already has a substantial contingent fund for the official expenses of the Members. A motion was made there to give the membership of that body a similar \$2,500 expense allowance, but the motion failed and the matter is now back in the House where another vote will be taken on whether it will remain in the bill and become the law in view of the adverse criticism given the House by many of the same newspapers and periodicals which have been agitating the increase.

"WINGED VICTORY" AT A. & G. THEATRE SUNDAY & MONDAY

Cast Studded With Soldier-Actors Who Were Star-Bound Before Induction

The Army dictum of "The right man in the right place" was, perhaps, never more aptly illustrated than in the Darryl F. Zanuck film production of the Army Air Forces—Moss Hart show, "Winged Victory" Sunday and Monday at the A. & G. Theatre.

The soldier-cast of the company just didn't happen by accident or a sheer stroke of luck—it was assembled by a lot of careful study and research; checking and investigating the army records of thousands of Air Forces soldiers to make sure the right man would be assigned to the right job. General Henry H. Arnold, when he requested author Moss Hart to write "Winged Victory," realized that only the most experienced and talented men in their field could make the production a truly great one, and so he made available to Mr. Hart many of the outstanding men of the theatre who were members of the Army Air Forces personnel. Each soldier in the company of 300, regardless of rank, has been a specialist in some part of show business both in civilian and army life prior to their assignment to the show. Not only the actors, but every man behind the scenes—costume, designers, stage hands, fighting engineers, musical directors, production designers—every list one of them is just a GI boy.

Thus, film-goers throughout the country will recognize in "Winged Victory," many of Hollywood's outstanding young actors, including: Lon McCallister who will be remembered for "Home in Indiana" and "Stage Door Canteen"; Edmond O'Brien of "The Hunchback of Notre Dame" and "The Amazing Mrs. Holliday"; Barry Nelson who appeared in "A Guy Named Joe" and "Bataan"; George Reeves of "So Proudly We Hail!"; Ray Middleton, "Lady For A Night"; Mark Daniels of "The Vanishing American" and "Joe Smith, American"; Ray McDonald, "Life Begins For Andy Hardy"; and others. Also in the cast are Don Taylor, John Tyers and Harry Lewis who were being groomed for leads at their respective studios when war intervened.

The music in "Winged Victory"—both the original scores and special arrangements—was all written by ace composer and orchestra director Sgt. David Rose, composer of "Holiday For Strings," one of the nation's leading hit tunes.

Also in the cast are Jeanne Crain, Jane Ball and Jo Carroll Dennison.

WAC Age Limit Reduced To 38

"In line with the Army's plan for demobilization of troops and the continuance of drafting men under 38 years of age, a War Department directive issued this week stated that the top age limit for women wishing to enlist in the Women's Army Corps is now 38," Lt. George M. Underwood, Recruiting and Induction Officer in charge of the U. S. Army Recruiting Station of Jackson, Mississippi announced today.

Prior to this order the top age limit was 35. Women between the age of 20 and 38 may still be enlisted.

Lt. Underwood stated that an intensive recruiting campaign is now in progress to enlist thousands of women in this age bracket needed to fill many important Army positions, and replace those WACs who are eligible for discharge under the new Army point system.

More than 94,000 women now make up the total strength of the Women's Army Corps with 15,000 of them serving overseas. WACs are now stationed behind the lines in all theaters of operations and are fulfilling a multitude of important jobs. Many of the ETO WACs are helping to transfer troops to other sectors of the war zone, the latest WAC detachment arriving this month in the Panama Canal Department.

Complete information about enlistment in the Women's Army Corps and the kinds of jobs open to women can be secured at the U. S. Army Recruiting Office, 504 Post Office Bldg., Jackson, Miss.

Cardui, many women say, has brought relief from the cramp-like aches and distressing strains of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build restful sleep. It is a safe, effective relief for the "aches" to come. "That's what I'm doing..."

"Hitting 'em twice as hard—buying *twice* as many bonds as I ever did before. Uncle Sam has got to raise in *this* war loan just about as much as he did in 2 war loans last year up to this time. That's why the 7th is the biggest and most important of them all."

"And I'm mighty proud—as every farmer ought to be—to have the chance to help!"

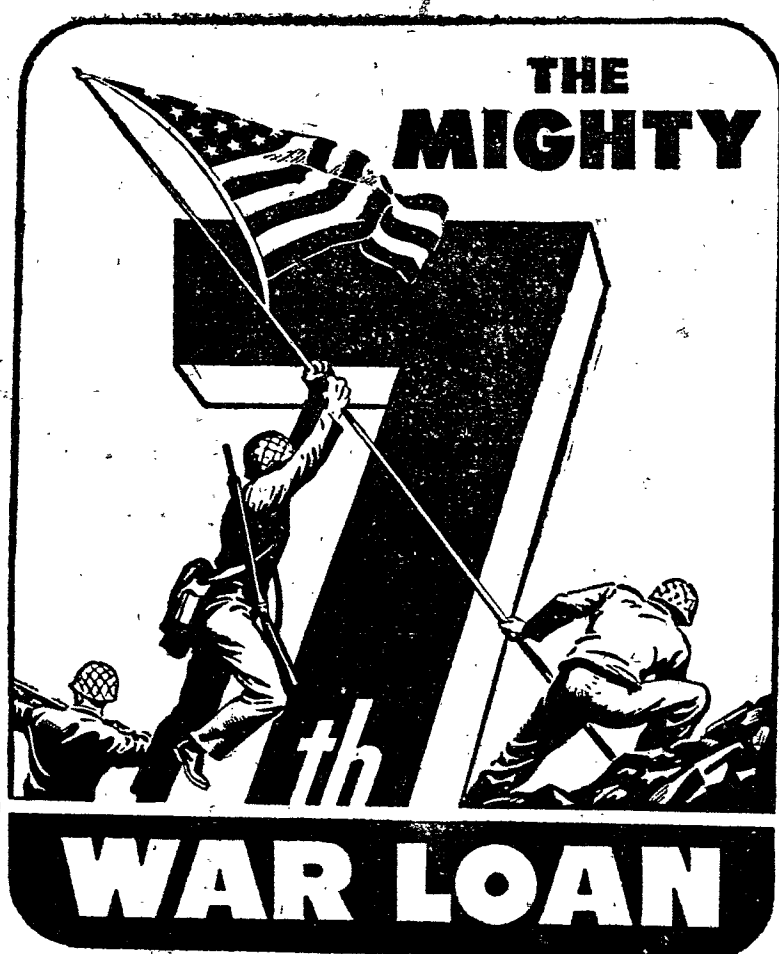

"The way I figure it, at this crucial time in the war Uncle Sam is calling on *all* of us to go whole hog—to

produce more food, to build more equipment, to do *all* we can to hit the enemy—**HARD**—without a let-up."

"And, of course, *all* that takes money. Money for thousands of giant new planes, money for those new concrete-busting tanks—for all the tons of ammunition and supplies our fighting men need to do the job up brown."

"Neighbor, that's where you and I come in."

"We can help in the chore of sending our boys everything they need—help by buying all the bonds we can ... twice as many as we did last time!"

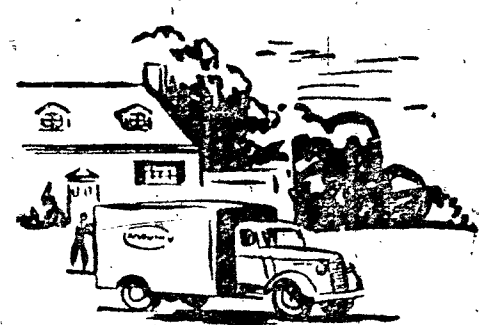

WAR BONDS PAY OFF IN THESE 7 WAYS

- 1 The same Government security backs your War Bonds as backs the *actual dollars* you put into them.
- 2 You get \$100 at maturity for every \$75 loaned now.
- 3 You can get your money back, 60 days after issue date, any time you need it ... in the meantime, you get safety and steady growth.

- 4 You have a backlog to renew farm buildings and equipment after the war.
- 5 Bonds will insure your children's schooling, or provide for your own security, travel, retirement.
- 6 Bonds go into a national nest egg that will help to assure post-war prosperity.
- 7 Bonds transform your love of home and country into *action* ... you join personally in the biggest, most urgent War Loan of all—The Seventh!

There's a
telephone in the house
where I am moving

Can you connect
it for me?

The answer is: a telephone on the premises does not mean we can furnish you service without delay.

The telephone and other facilities used by the former resident who ordered the service discontinued are made available to meet the essential war demands or the next applicant on the waiting list.

If a later applicant were to take over the telephone in the house where he is moving, he would be receiving service ahead of the many others who have been waiting for a long period of time.

The patience and understanding of those now waiting for service is appreciated and they can be sure that they will be connected in their proper turn as fast as conditions permit.

HOW IS MY WIFE MAKING OUT;

We owe a debt to this man. Adding a worry is not the way to show our gratitude. The security of his wife and family depends upon us. Our job on the home front is to heed ceiling prices. Then we won't over buy and cause an increase in prices. We'll check the black market and make it easier for servicemen's wives and others with low, fixed incomes.

ORTIE THEATRE SUNDAY—MONDAY "HERE COMES THE COEDS"

Bud Abbott, Lou Costello, With Peggy Ryan, Martha O'Driscoll, Phil Spitalny and The Hour of Charm Orchestra

A new Abbott and Costello picture is always something to look forward to for people who enjoy a good laugh. According to reports, however, their latest Universal film, "Here Comes The Co-Eds," is not only another hilarious Abbott and Costello treat, but a movie spiked with so many additional entertainment elements that the line had better start forming to the right, right now!

"Here Comes the Co-Eds" which is due Sunday and Monday at the Ortie Theatre, features, in support of the comedians, the Hour of Charm All Girl Orchestra under the direction of Phil Spitalny, with Evelyn and her magic violin; Peggy Ryan, Martha O'Driscoll, Donald Cook, Lon Chaney, June Vincent and many others.

There is more music in this Abbott and Costello picture than in any previous one. The seven songs in the film are delivered by the Spitalny ensemble and Peggy Ryan.

The story of "Here Comes The Co-Eds" has to do with the efforts of Abbott and Costello, assistant care takers of an exclusive girls' college, to save the old school from going under the necessary funds, they engineer a girls' championship basketball game and a wrestling match, with Little Lou Costello getting hilariously involved in both.

One of the funniest film scenes ever pictured is said to be that in which Costello, masquerading as a girl, plays in the basketball game opposite a team of Amazons—every girl of which is over six feet tall! "Here Comes the Co-Eds" was produced by John Grant.

Mothers' Day To Boys In Service

The following letter was received by Mrs. H. Buehler of Bay St. Louis whose son Otto J. Buehler, RM 3/c is fighting somewhere in the Pacific.

Philippine Islands
Mothers Day, 1945

Dear Mother:

Today is Mothers Day, and a wonderful day it is. The chapel is thronged with mothers' sons—your son also, who to show his love and admiration for you is receiving Holy Communion for your welfare.

As his present Catholic Chaplain, I thought that you would appreciate a letter telling you that your boy is doing a grand job for his country and his God, one you can be justly proud of.

Mothers Day always serves to reaffirm our love for all Mothers. Mary, the Mother of Jesus has set a standard for all Mothers, and down through the years have taken up that standard and nobly carried on. Mary gave her son to us. You, Mother have given your son to God and country. It was you who caressed and cared for him during his helpless baby years. It was you who taught him first to say the Holy Name of Jesus; who thrilled to see him make his first Communion; who watched him grow to manhood and face the world. It was you who gave him to your country, although torn with pangs of separation, your heart was strong and proud that you were doing your part that your son was giving his best for the welfare of his home and country.

Your son has served his country well, and we salute you, Mother, for your help. Together let us pray to Mary to continue her loving protection for us all and to bring this war to a speedy end so that once more we can live the life we have loved and fought for.

With a blessing, I am,

Your son's chaplain,
(Signed) Father John Kleintjes.

And well may this letter apply to many more of our boys who are out there, giving their all for us.

First thing we
did was to start
baby's savings
account

Next to the actual physical care of a baby, we know of nothing that is of any greater importance to his future than a savings account opened in his own name. A deposit of \$1.00 a week gives the baby on its tenth birthday \$520, plus interest. Here is a nest egg that may be used for summer camps, tuition in a private school, or any of a dozen different things that the child may need. Over the years we have opened hundreds of accounts for babies and we have always counted it a privilege to act with the parents as custodians of our future citizens. Have you a new baby? Start a new account for it today and start teaching it the thrift habit at a very early age.
